## INTRODUCTION:

Rural education for action and development agency (READ) is a rural based non-profit organisation which is working for the improvement of the downtrodden people. We are extending our valuable service with the support of central and state government and public. With our huge experience we are running various programmes for the development of tribal, school children, women and elders. In this report we just see some of our programmes at glance.

## FOR ELDERS

### Old age home

We run old age home for elders who are not cared by their family. Today the elders are facing many problem in the society .they are having many problems, like shelter, food, health care, and safety needs. We are giving shelter, food, and healthcare, moral support, with the support of central government. With the support of ministry of social justice and empowerment we run old age home at Neikarapatti of Palani taluk, Dindigul District, Tamilnadu.

More than 25 elders getting all essential basic needs like shelter, food, healthcare, physical and mental support to live their remaining life peacefully. We are providing counselling to elders to live a joyful life without any hindrance.

## Government of India Training

### FOR TRIBAL

#### Mobile health programme for tribal

With the support of government of Tamilnadu we run this mobile health program in Kodaikanal eastern hills area of Dindigul district. Every day our mobile health unit with doctor, nurses, and essential medical care equipment, reaches the tribal villages with a fixed tour programme, and covers the more than 30 tribal village areas of Kodaikanal eastern hills area and take care of the tribal people. Our mobile health unit gives the awareness in various kinds of seasonal diseases and epidemic diseases among school children in this area. Our team also guides them to the need of institutional delivery among the pregnant women of the tribes. We also support them to get vaccination facilities given by state and central government. Our health team gives awareness among the tribes in the need

of mother feeding, need of child vaccination, need of healthy food and balanced diet, our health team also watches the healthy habits like brushing, bathing, wearing washed clothes, cutting nails and hair. We provide health care to the tribes and trying to reduce the rate of child mortality.

### Need of Education

Our staff team also visits the tribal villages and guides them to give education to the tribal children, with the support of department of education and SSA many tribal children entered in schools and continuing their education in the nearest schools. We prepares them to utilize the available government schemes like school scholarship, marriage assistance schemes, destitute widow pension, and old age pension.

### For children

With the support of integrated child development scheme (ICDS) and Tamilnadu social welfare department ,we run 10 creches (Day care centres ) for rural children of dindigul and natham taluk of tamilnadu. More than 250 childern are coming to our day-care centres and get good food, pre education, health care and moral support freely. Our creches are more helpful for the working mothers of tribal areas. The mothers of the children, leaves their children in our creches and going to their works like collecting fire woods , forest products like arappu, tamarind , tamarind processing works , and 100 days works. Our creches take care of their

children in day time and supporting the mothers to earn money to live a peaceful life. Our creches are 1.Manapulikadu, 2.Kalathupatti,3.Merckkipatti,4.Chinnarasipuram,5.Maampatti,6.Paraipatti,7. Thattamadaipatti of
